

Science Update

- Science Staff
- Science Conference
- Science Fellows Program
- California Sea Grant State Fellows Program
- 2006 EWA, Nov 28-30
- 2006 Science Program focused PSP

Science Program PSP

Results: 35 Proposals Submitted, total \$24M

7 - Aquatic Invasive (Exotic) Species

8 - Environmental Water

11- Habitat Availability and Response to Change

9 - Trends and Patterns of Populations and System Response to a Changing Environment

Next Steps

- Technical Synthesis Panel met Nov 14-15
- Public Comment Period starts next week
- Authority approval: Dec 2006

Science Program Funding

CALFED Science Program (\$ in millions)	FY 06/07	
CALFED Science Program	\$	
Investment in Priority Scientific Information Needs	4.06	
Communication of Scientific Understanding	2.25	
Performance Evaluation of CALFED Programs	1.59	
Applications of Scientific Practices	0.85	
Program Planning/ Reporting/ Administration	1.84	
Coordination with IEP	0.10	
Total Available Funding	\$10.69	

- Have funds for the base Science program for FY 07/08 and 08/09
- Need approx. \$11 million for Proposal Solicitation Package (PSP) for FY 07/08

Current Research Projects

Topic Area	Directed Action	PSP	Fellows
Delta Smelt		997,027	228,750
Ecosystem Water and Sediment Quality		500,000	228,750
Estuary Foodweb Productivity		1,329,158	
River Channel and Floodplain		1,400,000	343,629
Non-native Invasive Species			111,750
Riparian Habitat			357,989
Salmon	293,448	3,771,304	200,125
Shallow Water and Marsh Habitat	3,759,165		
Splittail	256,544		
Steelhead		1,014,596	129,375
Subsidence	1,436,946		
Total	\$5,746,103	\$10,674,955	\$1,600,368
