Livermore, CA 94551

Dr. Peter Smith  
4602 El Macero Drive  
Davis, CA 95618-4392

## **Purpose**

The meeting will facilitate communication between the Independent Review Panel and NMFS staff during the review of the NMFS Analytical Framework. The framework document forms the conceptual basis for NMFS' analysis of CVP and SWP impacts in their OCAP Biological Opinion. This meeting is a follow-up conference call to the August 5<sup>th</sup> review panel meeting to discuss additional information requested by the panel.

## **AGENDA**

Order of agenda items is subject to change.

- |            |                                                                                                                                                                 |
|------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 10:00 a.m. | Panel review of an example application of the NMFS Analytical Framework and NMFS written response to previous 2004 OCAP Biological Opinion peer review findings |
| 11:45 a.m. | Public Comment                                                                                                                                                  |
| 12:00 p.m. | Adjourn                                                                                                                                                         |
